Teen burglar caught with pants down!

A MAN was arrested after he was found naked in an apartment clutching electrical items he'd stolen from the owner.

The 21-year-old female victim called cops when she woke up to find Jaquane Baldwinbadger, 19 (above), in the nude right next to her.

The 19-year-old of Sacramento, California, is believed to have stolen several items from the student during a burglary but then decided to take off his clothes and lie down next to her.

He fled when the female victim started screaming but was picked up by college police soon afterwards.

Baldwinbadger was charged with first-degree residential burglary of an occupied dwelling.

DOROTHEA Puente's story is so strange – and so very, very weird – that it sounds like a movie plot. A friendly little old lady living in a nice house in a quiet neighbourhood takes in tenants that soon turn up

dead.
It is the plot of a classic American
movie and stage play, Arsenic and Old
Lace, when a man discovers that his
kindly elderly aunts are murdering
enants and burying their bodies in the basement.

Arsenic and Old Lace is a comedy, but Dorothea Puente's case was more like a horror film. Except, unlike movie serial killers,

Puente targeted helpless people, such

as the elderly and the mentally handicapped, for death.

Worse, her motive was very simple and despicable – she killed the helpless in order to steal their welfare and social security cheques – a scheme that netted her more than \$5,000 a month.

Tenants would move into Dorothea Puente's boarding house in Sacramento, California, but they

would never move out.

Yet their cheques would still arrive in the mail and find their way into

Dorothea's bank account.
To add insult to To add insult to fatal injury, Dorothea used the welfare money intended to help the poor to pay for such luxuries as face-lifts and

Clearly not the motherly type she soon turned to crime and by the late 1940s landed in jail for forging cheques.

Then, in 1960, she was arrested in Sacramento for running a brothel.

After serving time for prostitution, Puente turned to a far more loathsome idea – preying on the elderly and ill.

She became a nurse's aide and a boarding home operator – not to help the people there but because they were easier to steal from.

By JUSTIN DUNN news@sundaysport.co.uk

By 1981, Puente had been living in a 16-room Victorian mansion at 2100F Street, Sacramento, for years. She supported herself by forging benefit cheques stolen from old men she met in bars.

When an arrest ended that racket, Puente began taking in tenants.

One of her first boarders was her friend and business partner,

Rebecca Sue Doody repeated the offer at the police station – and flashed her BREAST.

Doody, 29, of Penn Township, Pennsylvania, faces one count each of bribery, indecent exposure and DUI, and three counts of recklessly endangering another person.

Police were called to Doody's home over a domestic dispute on Saturday afternoon, where they spoke with her boyfriend, Jacob Angolia, who said Doody had been drink driving with their three kids as passengers.

"While on the way to the hospital Doody was trying to bribe me with sexual favours in an attempt to avoid criminal charges," an officer claims.

These alleged offers continued at UPMC Hospital, in front of hospital employees and police.

Police took Doody back to their HQ and while processing her, handcuffed one of her wrists to a bench.

With her free hand she pulled up her shirt and bra exposing her boob to two officers.

Documents state: "She continued to request several different sexual acts from police in an attempt to get out of criminal charges."

She was released on bail and is due in court on September 19.

I was flattered and I offered to take her for a drink after work. We went to a different bar in town and I was so wrapped up in her that I hardly noticed it was 10pm.

Anyway, it was a Friday and I have sometimes stayed out for a drink with my workmates, so I asked this luscious girl what she wanted to do next.

She said she'd like to go to a new club which had opened and as I was going to get a bollocking anyway, I reasoned that I might as well go for broke.

As I danced close to her I could feel a stirring in my pants and reckoned she felt it too.

When the club closed she asked me to

when the club closed she asked me to take her home, explaining that her parents were away. We jumped into a taxi and I felt her hand slip between my legs, which sent my dick into an even more excited state. my dick into an even more excited state.
At her home, we stripped off and shagged with an energy and abandon I'd not experienced for years.
Now she's got a flat of her own and I'm getting a regular leg-over - but she wants me to move in with her.
How can I let her down gently and avoid the missus finding out?

TC, Sussex

Bexie says...

KEEP your dick in your pants and she'll surely get the message.

Dear Bexie.

I'M a 19-year-old student and I am sleeping with a much older woman.

I was out with my mates on the town a few months ago and I shared a cab home with this fit older woman. She grabbed my hand and rubbed it all over her shaven slot and I could feel

my dick getting hard in my jeans.

Needless to say, I ended up back at hers and had the best night of sex ever. We have slept together six or seven times since. But I've now found out she's 50, married and a GRANNY. Is it right to carry this on?

FT, Carlisle

Pool player's 10-inch cue proved a winner

Dear Bexie.

I'M a member of the female pool team at my local pub and we practice with its men's team every Tuesday night.

Tuesday night.

The other week one of the guys offered to play with me. The other girls all fancy him, but I'm married and I'd never thought about him in a sexual way.

We had a couple of games and I was bending over the table when he came over and said he could help me with my cue action.

As he did so, I could clearly feel his massive penis pressing into my arre!

pressing into my arse!
At the end of the night he was driving me home when he pulled in a layby "for a chat".

Licking

We talked and then he kissed me on he lips and from then on we were like wild animals. In seconds we were starkers – and his cock was at

least 10 inches.

He went down on me and gave me a good licking, and then I sucked him off before he got me on all fours and did me doggy-style.

I soon came but he was rampant and I did something

ve never done before - anal sex

And I was surprised how good it felt to have a hard knob up there.

But I feel bad about cheating on my hubby. What do you think?

Bexie says...

TRY a spot of bum fun with your hubby, it might make you feel better.

Dear Bexie,

l'M a lusty 21-year-old and a bit of a ladies' man. Last week, while doing a few odd jobs around my flat, I went to the local DIY store. I couldn't find the

wood-filler I was after and when I went to the counter to ask, there was a tasty brunette who looked good even in overalls. I told her what I wanted

and she offered to show

me where it was.

As she walked ahead of me in the aisles I looked at her wiggling arse and immediately got a hard-on. She led me towards a

storeroom and told me: 'I've been looking for some

She shut the door behind us and whipped open her overalls to reveal a bra-less pair of 34Ds – at which I pulled out my own hole-filler.

She took one look and clasped her lips round the end, greedily sucking me her hands.

As she lifted one leg on to a shelf I rammed home

my length of timber for a five-minute quickie.
I asked her later if she'd

go out with me, but she said no.
What's it all about?
